

REFLECT

BETH MIZELL
STATE SENATE

SENATOR BETH MIZELL

Senator Beth Mizell Has Been Fighting For District 12

- Directed funds from defunct Washington Parish Reservoir Commission to expand and improve Bogue Chitto State Park. The Park has become the #2 park in the state, with equine and mountain bike attractions unique for Louisiana, and attracts visitors nationwide to our area.
- With efforts from the Broadband Task Force legislation and the Office of Broadband, funds were dedicated to implement broadband connectivity for rural unserved areas of our state. High speed internet is a utility and access to it should be available to everyone that wants it.
- Relentlessly pressed for funds and progress on Highway 3241, connecting Washington Parish to St Tammany Parish. Finally, sections are scheduled for completion beginning late this year. This long-awaited connection will open opportunities from all parts of the Northshore.

COMMUNITY & FAMILY ORIENTED

SENATOR MIZELL WILL CONTINUE TO FIGHT FOR YOU

- Sponsored the legislation for the Freedom of Worship Amendment which will be on the ballot in November. The Amendment enforces the constitutional protection of our right to worship.
- Continued efforts to assist sexual assault victims by bringing legislation to allow victims access to their report and legislation to create a system to track rape kits all the way through the process.
- Passed the Fairness in Women's Sports legislation (2 times) and succeeded the 2nd time in getting it through without a veto from the Governor. This bill protects women's sports as competition between biological females.
